		System Support Services					
		SlateXP (SXP) will provide daily Program monitoring to ensure the LearnSafe application is running and accessible. SlateXP utilizes Amazon Web Services (AWS) for all hosting. If the situation changes SXP will notify the Licensee advising them of recommendations that should and/or must be made to ensure consistent and reliable service.					
		Unless otherwise agreed upon, Licensee Capture Data will be retained on the Program for a period of 90 days. SXP will enable deletion of Licensee Capture Data that is older than 90 days unless an Authorized User has executed a save command on particular captures.					
		SXP will use commercially accepted best practices to ensure all Licensee Capture Data on the SXP cloud instance is routinely backed up. Data recovery can only be performed to the extent of the Licensee's back-up routines and storage inventory.					
		SXP will provide scheduled maintenance to the LearnSafe System which corrects one or more bugs covered by this Agreement. System maintenance will be limited to the correction of bugs in the System and will not interrupt normal use. The said System maintenance will be carried out as set out below;					
		Bugs discovered by the Licensee must be reported by a Licensee Support Coordinator through SXP Support desk at *support@slatexp.com"					
		SXP support team will respond within 2 hours of from the time a support ticket is submitted. In the event that the bug is rendering the Program inoperable, SlateXP will notify the Licensee advising of the estimated time for return of service.					
		System maintenance Services shall not include the diagnosis and rectification of any fault arising from: 1) the improper use, operation or neglect of either the Program or Client Software; 2) The modification of the Program or Client Software or its merger (in whole or in part) with any other software; 3) The use of the Client Software on equipment other than approved devices; 4) The failure by the Licensee to implement recommendations in respect of the solutions and faults previously advised by SXP; 5) Any repair, adjustment, alteration or modification of the Client Software or Program by any person other than SXP or it's contractors without SXP's prior written consent; 6) Any breach by the Licensee of its obligations under this Agreement; 7) The use of the Client or Program Software for a purpose for which it was not designed; or 8) Specialist advice on the application of the Client or Program Software or specific engineering applications.
